STATEMENT UNDER 37 C.F.R. §1.604(b)

Pursuant to 37 C.F.R. §1.604(b), the undersigned attorney wishes to bring to the Patent Office's attention U.S. provisional application 60/426,096 filed on November 14, 2002. A substantial portion of the specification of the present application filed with this Statement is substantially similar to the specification of U.S. provisional application 60/426,096. Several of the claims of the present application define the same patentable invention claimed in U.S. provisional application 60/426,096 since several of the claims of the present application are copies of the claims of U.S. provisional application 60/426,096. The undersigned attorney has been informed that another U.S. non-provisional application has been, or will be, filed that

claims priority to U.S. provisional application 60/426,096, but that identifies an inventive entity that differs from the inventive entity identified in the present application.
